

Heavy Duty Timers

70AB Series

OVERVIEW

Proudly manufactured in the USA, the MarkTime® 70AB Series Heavy Duty Timers are engineered for demanding electrical loads and are the most robust in-wall time switch in the industry offering a 28 Amp rating.

APPLICATIONS

The MarkTime® 70AB Series Heavy Duty Timer can be used in a variety of residential and commercial applications providing convenient timed control of saunas, jacuzzi's and pools, heavy duty blower control, track lighting, industrial machinery and other circuits requiring 28 Amp loads. The brushed aluminum wall plate and black knob is perfect for commercial environments.
